\_\_\_ Orthopedic Condition

List prescription medications your child currently takes \_\_\_\_\_

Known medical/food allergies: \_\_\_\_\_

If **yes**, does your child have an epi-pen? \_\_\_\_\_ at school? \_\_\_\_\_

When was your child's last physical exam? \_\_\_\_\_

Date of last eye exam performed by an optometrist \_\_\_\_\_

Does your child now wear or has ever worn prescription glasses? \_\_\_\_\_  
Are there any other medical issues the school should be made aware of? \_\_\_\_\_

---

**Please notify Health Aide of any medications taken during school hours.**

Non-prescription (over the counter medications) are available through the Health Office. These are medications given for minor ailments (headaches, cramps, cuts and scrapes, stomachaches, coughs) that occur while your child is in school. Non-prescription medications will not be given for more than three consecutive days without an order from the student’s physician. We do not dispense medications to take home. If your child is sick, or has a fever 101.0 or higher, **PLEASE DO NOT SEND YOUR CHILD TO SCHOOL.** Keep your child home or take them to the hospital for medical treatment. Same Day appointments may be available at Sells Hospital. If your child is seen and evaluated by a doctor or nurse practitioner, please ask for a “medical excuse” for the school office.

In order to give your child any type of medication, parental permission is required. The common types of medications available in the health office are listed below. Please circle Y or N if you give permission for the Health Aide to give the medication as needed.

- Regular Strength Tylenol for minor aches and pains.....Y N
- Ibuprofen for minor aches and pains.....Y N
- Cough drops.....Y N
- Allergy relief (combination medication): Tylenol/Benadryl/Decongestant..... Y N
- Cold relief (combination medication): Tylenol/Guaifenesin/Decongestant.....Y N
